Experience

SENIOR ANALYST, CAPGEMINI TECHNOLOGY SERVICES INDIA LTD – OCT, 2020-PRESENT

- Handling and managing Client Data on Cloud

- Carried out Security Audits of Web Application,Web Sservices for Client {Jhonson and Jhonson , Baker Hughes}

- AWS Cloud Configuration Review

INTERN, DATA ANALYST, CAPGEMINI TECHNOLOGY SERVICES INDIA LTD – JAN,2020-MAY-2020

- Managing Big Data with Cloudera, hadoop, Apache Spark & Talend

INTERN, NETWORK & SYSTEM ADMINISTRATION , HYSE SOFTWARE SOLUTIONS – JUNE,2019-JULY-2019

- Performing Vulnerability Assessment on Network Devices.

- Working on tools like (Nmap, Burpsuite, WireShark)

- Websites & Web Application Vulnerability

- Reporting and Documentation

HACK THE BOX (MAY-2021-PRESENT)

- Current Rank :- **Hacker**

ACTIVE CTF PARTICIPANT

Education

- Noida Institute Of Engineering and Technology, Greater Noida, AKTU – Btech (IT)-2020

- HSC (12th)-C.B.S.E-2015

- SSC(10th)-C.B.S.E-2013

Skills

- Owasp top 10 VUlnerabilities Of Web Application,WebServices

- Shell Scripting

- Languges:Python, c, Java, Basic Javascript

- Maintaining and managing IAM/ACPs for cloud Providers(AWS/Azure)

- Security Tools

- Network Security Audit (IDS/IPS,Firewall)

- Networking:TCP/IP, OSI Layer, DHCP, DNS, Vlan,

- Scanners BurpSuite, Nmap, WireShark

- ReverseEngineering with Ghidra

- Operating Systems:Windows, Unix, Linux, MacOS

- Basic CryptoGraphy

Training & Certification

- **CEH v11-ECC7902635481 (January -2021)**

- **Palo Alto Network Cyber Security Specialisation- Coursera**

(Fundamental networking and skills learned in configuring the Palo Alto Networks firewall including but not limited to the following: create and analyze packet captures using Wireshark; initially configure firewall interfaces and zones; creating a firewall zero-trust environment with zones, security policies, and NAT; and decrypting SSH traffic through decryption policies.)

- **CompTIA Network+ - Cybrary- C-cff27d6a-8a7bac**

Achievements

1st Prize in **Smart India Hackathon-2019 Software Edition**. For Creating a High Performance Network Intrusion Detection System(NIDS) for **Quick Heal**
